"BITTER ENDERS" CONCEDE TREATY WILL BE RATIFIED AFTER MONDAY DISCUSSION

CANVASS SHOWS SENATORS EAGER TO BRING CLOSE TO LONG DRAWN OUT CONTROVERSY

MANY WATCHING FOR LOOPHOLE BY WHICH THEY CAN RESERVE FRONT ON PACT AND RESERVATIONS

QUICK ACTION MAY BE LOOKED FOR

WASHINGTON, Feb. 11—"Irreconcilable" Republican Senators are about ready to concede that the Senate will ratify the treaty as a result of the discussion, which will begin next Monday, it was indicated today.

A canvas of the Senate has shown some of the "bitter enders," they said, that "any loop hole which can be squeezed thru" will be used by certain Senators in changing front on the reservations and ratification. The "irreconcilables" are convinced that Senator Lodge and his supporters will not have the treaty in the presidential campaign. One of the "irreconcilables" said today that the supporters of the Lodge reservation are willing to agree to any reservation on Article Ten which will save their faces.

Senator Lodge offered in the Senate nine amendments to the reservations on the peace treaty today. Lodge did not, however, submit an amendment to Article Ten or the Monroe Doctrine.

PRESIDENT MAINTAINS SILENCE IN RAILROAD EMPLOYE WAGE DISPUTE

WASHINGTON, Feb. 11—President Wilson has not yet given Hines any advice as to how to proceed it was learned today at the White House. After his conference with union representatives Hines will submit the President a report.

LANCASTER EVANGELIST INSULTS SERVICE MEN: RAILS PRODUCED

LANCASTER, Pa., Feb. 11—Hundreds of members of the American Legion and 600 citizens with rails surrounded the Rev. Henry W. Stough, an Evangelist of Wagon, Ill., here early today and threatened him with violence because he declared in a speech that the soldiers were the "riff-raff and scum" of the world. The evangelist escaped with the assistance of the entire police force.

ROBERT UNDERWOOD JOHNSON WILL BE NEW AMBASSADOR TO ITALY

WASHINGTON, Feb. 11—Robert Underwood Johnson, of New York will be nominated American ambassador to Italy by President Wilson it was announced at the White House today. Johnson's nomination will go to the Senate within a few days. Johnson will succeed Thomas Nelson Page who resigned five months ago. Since his resignation the post has been vacant.

RAIL MEN COMBAT ADVERTISING OF RAILROAD MAGNATES

White Auditorium, S-E Corner
15 Chestnut Street,
Philadelphia, Pa.

Dec. 28, 1919

The Order of Railway Conductors on the P. R. R., B & O, Philadelphia & Reading Systems East of Pittsburgh and Erie. Passed the following resolutions.

RESOLUTIONS

WHEREAS, It is the sense of the representatives of the Order of Railway Conductors herein assembled, comprising Pennsylvania Lines East, Baltimore & Ohio, and Philadelphia & Reading Systems, that since the government has worked out a constructive railway policy, and the railroads are now paying their owners 5 per cent. on \$18,000,000,000 (of which \$8,000,000,000 comprises watered stock of fictitious values) and are earning their way Directors General of the railroads issued statement showing that in October, 1919, the roads after paying all charges, including the exorbitant rental of \$800,000,000, had earned a net profit of \$2,603,423. We urge for and on behalf of the general public and on behalf of the railway workers, who are required to earn dividends on one fictitious dollar for every dollar invested, that the railroads be retained under government administration for at least two years after January 1st, 1920, in order that a thorough test may be made of government operation under normal conditions. The common carriers of the country are the arteries of travel, commerce and industry. Transportation service and rates are intimately bound up with industrial production in all parts of the country.

AND WHEREAS, The Cummins-Esch Bill proposes to validate \$8,000,000,000 of "water" in the roads security. It proposes a perpetual guarantee of at least 5 1/2 per cent. on \$20,000,000,000 of security, \$8,000,000,000 of which are shadow dollars. It proposes 5 1/2 per cent. guarantee on 150,000,000 acres of land given to the western railroad corporations by the federal government, of which 40,000,000 acres remain available. The value of these grants have been secured by the railway promoters, or capitalized as part of the book values of the railway properties, on which the railroad corporations ask Congress to permit them to collect dividends from the public. It means 30 per cent. increase in passenger and freight rates. It means \$1,000,000,000 added to the nation's freight and passenger bill. It means \$4,000,000,000 added to the nation's railroad bill. It means that the railroads will be turned back and the workers will be securely bound and gagged so that they cannot resist proposed wage increases. It means that the wage earner will be regarded as wage slave.

AND WHEREAS, Senator Norris of Nebraska made the statement that Wall Street magnates who are endeavoring to induce Congress to return the railroads to private ownership, are about to launch the most extensive advertising scheme of campaign ever undertaken by special railroads.

HOUSEKEEPER SUES FOR HER LONG SERVICE

231 Weeks of Labor Rewarded Only By Purchase of Shoes And Wearing Apparel

FAILED TO PAY ANY WAGES

Lillian E. Hanna, of Clearfield, by her attorneys Chase & Chase, has entered suit in the Prothonotary's office against George Shannon, of DuBois, in an effort to collect \$513.77 said to be due her for wages.

Judging from the plaintiff's statement filed, if the allegations therein be true, the defendant though he could or attempted to keep hired help as cheaply as some hardfisted Clearfield county husbands are alleged to be keeping their wives.

In this statement the defendant says she was employed by Shannon January 13, 1913, to go to his home and work for him for \$2.00 per week and her board. She continued in his employ on the promise of those wages from that date until September 24, 1917, or a total of 211 weeks. At this point some differences no doubt arose and there was a break until October 17, 1918, when the plaintiff returned to defendant's employ at the old promised rate and continued there until March 1, 1919, or another stretch of 20 weeks, making 231 in all.

Now comes the denouement. During all those 261 weeks the lady says Shannon paid her a total of \$8.23—the tightfisted old tightwad—and this payment was made in merchandise or wearing apparel as follows: Two pairs of shoes, \$5.48; one pair of rubbers, 75c; two working or house dresses, \$1.00; underwear, \$1.10. How could he do it, we wonder?

The plaintiff states under oath that the \$8.23 worth of clothing is every last thing she was paid for her labor during all of the time enumerated and she proposes to have the Clearfield County courts help her to collect the \$505.54 remaining due and unpaid.

There is between 200 and 400 acres in this tract and the coal ranges in thickness from three and one half to five feet. Three seams are already opened and the coal is of the very best quality.

James L. McGonigal, the Pottersdale farmer and real estate dealer, was in Clearfield today to close a deal with D. T. Moore, of Karthaus, for the purchase of the Oliver Moore Estate coal lands, in Karthaus township. By this purchase Mr. McGonigal secures possession of one of the very finest bodies of coal in the lower end of the county.

FLETCHER RESIGNATION ACCEPTED

WASHINGTON, Feb. 11—President Wilson today accepted the resignation of H. C. Fletcher ambassador to Mexico it was announced at the White House today. The fact that Fletcher had resigned was made known several weeks ago.

MORE PAY FOR MILITARY SERVICE

WASHINGTON, Feb. 11—The Senate today passed the Wadsworth bill increasing the pay of the army, navy, marine corps, the coast guard and the Public Health Services.

LAWYER MAY BE HAILED BEFORE THE COURT

Grand Jury Indicts L. D. McCall, Esq., On Libel Charge By J. J. Heighes

MOVE TO QUASH FINDING

A lawyer at the bar of Justice on the paying instead of the receiving end, jurisprudence speaking, will be the spectacle presented at the February criminal court of a proceeding begun Monday by Attorney A. H. Woodward does not finally prevail.

The case comes from DuBois and the lawyer engulfed in the law's meshes is L. D. McCall, Esq. It appears that McCall had a claim against Contractor Jake Heighes, another DuBois man, and after endeavoring to collect same the attorney wrote a Ridgway firm with which the contractor had dealings, who claimed ownership in some material from which it was expected to make a claim, and in a letter to the contractor's attorney, Heighes, expressed a willingness to make a fair settlement of the claim, but in a subsequent letter, Heighes, after a suit for criminal libel.

The Grand Jury considered the case last week and returned a bill and yesterday Attorney Woodward representing Mr. McCall presented a motion to quash the finding of the grand jury on the ground that "there was no competent testimony before the grand jury at time of finding, as the only witness was prosecutor J. J. Heighes, whose testimony as to said libel was only hearsay." Heighes testimony was backed up by an affidavit from the man to whom the letter was written, and objection is also made to this evidence. No action has been taken on the motion thus far.

The Pennsylvania Coal and Coke Corporation Attorney R. D. Swoope, entered suit in the Prothonotary's office against Peter B. Mons for \$3,000, amount said to be due for coal illegally mined by the defendant from a tract of land in Graham township, Clearfield county, under lease to the plaintiff company.

WILL ENTERTAIN EX-SERVICE MEN

The Second Ward Hose Company is arranging for a banquet to be given in honor of the ex-service men from No. 2 who saw service with Uncle Sam's army. There were 31 members of this company in the service, the last one returning home a few weeks ago, and the boys figure on giving all hands a proper welcome and spread.

The affair will be pulled off at the hose house Thursday evening, February 19th, and will be "some party."

PURCHASED VALUABLE COAL LANDS

James L. McGonigal, the Pottersdale farmer and real estate dealer, was in Clearfield today to close a deal with D. T. Moore, of Karthaus, for the purchase of the Oliver Moore Estate coal lands, in Karthaus township. By this purchase Mr. McGonigal secures possession of one of the very finest bodies of coal in the lower end of the county.

There is between 200 and 400 acres in this tract and the coal ranges in thickness from three and one half to five feet. Three seams are already opened and the coal is of the very best quality.

TWO MILLION DOLLAR BOND ROBBERY ON WALL STREET FOILED BY POLICE

NEW YORK, Feb. 11—Details of a plot to steal two million dollars' worth of Liberty Bonds and other securities from a Wall Street firm were revealed by the police today through the arrest of three men charged with having stolen securities from Paris & Company, stock brokers, amounting to several thousand dollars.

The men arrested are Joseph and Irvine Gluck, miscellaneous, and E. J. Furey, a chauffeur. Police say the men discovered the connecting link by which a Wall Street firm came into possession of several millions of dollars' worth of Liberty Bonds bought from other firms in the last six months. One of the men under arrest is said to have confessed his part in the plot and to have told of the entire workings of the gang which has been stealing securities from Wall Street brokerage firms. Police say the bonds were to have been held and released in Canada later.

Two more arrests in the alleged plot for the theft of two million dollars worth of securities in the financial district today marked the continuance of an investigation started late yesterday. The two arrested late today were Rudolph C. Bunera, aged 22, a stock messenger, and his brother, Herbert, aged 19.

PALMER EXPECTS TO BE CALLED IN TO HELP SETTLE RAIL WAGE FIGHT

WASHINGTON, Feb. 11—Attorney General Palmer today studying the Railroad situation in order to be prepared to take in case he is asked to participate in the controversy between the Railroad Administration and the fourteen railroads who are demanding a wage increase.

FOUR U. S. SUBMARINES IN FIERCE BATTLE WITH SEA ARRIVE SAFELY

WASHINGTON, Feb. 11—After battling with the sea for nearly a week four of the five American submarines that have been missing between the Bermuda Islands and this port arrived at Hampton Roads this morning according to a dispatch to the navy department. The submarine N-2 has not arrived. Those which docked are the L-2, L-3, L-4, and the L-11.

MUTINOUS CREW ON U. S. VESSEL PLACED UNDER ARREST AT BERMUDA

WASHINGTON, Feb. 11—The crew of the shipping board vessel Pouchanwee have been placed under arrest at Bermuda by the commanding officer of the United States shipping steamer Sacramento, Secretary Daniels was advised today. The crew was arrested on reports from the American consul at Bermuda. The men will be returned to Hampton Roads to be tried under charges of mutiny, the dispatch said.

CLEARFIELD CO. FIRMS GET TWO STATE ROAD CONTRACTS IN CO.

HARRISBURG, Pa., Feb. 11—The Burnside Construction Company, of Clearfield has been awarded the contract for 12,027 feet of one course reinforced concrete and brick highway in Sandy township, Clearfield county, by the State Highway Department, it was announced today. The bid was \$129,250.00. Johnson & Kerns, of DuBois, were awarded the contract for 7,291 feet of concrete road in Brady township, Clearfield county, on the lowest bid of \$59,794.50.

The Razor

Lincoln used

THE razor Lincoln used was not unlike the man himself—in outward form, unassuming, and yet an instrument of exquisite balance—with a time-saving length of blade, a fresh, keen-stropped edge for the work in hand and a wondrously even temper.

One pictures Lincoln as full of affection for this honest blade despite the fact that his deep-furrowed face was not the easiest to shave. The only things that Lincoln's razor really needed to lighten the patient morning task were the safety and convenience of the guarded, double-edged blade of the

GOVERNMENT LOANS RAPIDLY INCREASE LIVESTOCK PRODUCED ON SMALL FARMS

Pure-bred sires are coming.

EDMONTON, ALTA.—The "Cow Bill" as it is popularly known, recently passed by the Alberta legislature, is something absolutely new in Canadian statute books and is generally regarded as one of the best pieces of farming legislation ever enacted in western Canada. It is an act to encourage the increased raising of livestock.

The bill, fathered by Duncan Marshall, minister of agriculture and himself a veteran farmer, provides for loans to farmers, guaranteed by the provincial government, to enable them to increase and improve their livestock.

Under the bill, farmers who form themselves into an association with a minimum of five members, may borrow \$200 each for the purchase of cows and heifers and \$500 jointly for the purchase of a purebred bull. The association members give their cattle as security and borrow money from a bank. The loan runs for five years at 6 per cent interest and is guaranteed by the government. They may sell the two-year-old offspring of their cattle and apply the proceeds to their debt or they may sell all their cattle and, with the approval of the livestock commissioner, invest in another breed or in sheep, hogs or horses for breeding purposes.

The purpose of the bill is to benefit the poorer settlers and the small farmers. Farmers have been quick to take advantage of it. Hundreds of associations have been formed. This is notably true in the communities along the Canadian National Railways where settlement is comparatively new. Many loans have been negotiated and the effect of the bill already is apparent in the rapid increase of both dairy and beef herds on small farms.

"MUTT AND JEFF" AT DRIGGS THEATRE TONIGHT

Laughter as a tonic beats all the best patent medicines. It drives away dull care, chases away the blues and makes despondency look like "thirty cents." Laughter in large chunks will be on tap at the Driggs Theatre tonight, when "Mutt and Jeff's Dream" will be the caper. The piece is successful by its rapid continuity of amusing scenes and laughable situations, to say nothing of the splendid list of specialties and pretty music, with its catchy songs, big chorus of vivacious maidens, comedians, dancers and singers, who know how to entertain.

The twenty musical numbers are all new and consist of a variety of catchy airs with many vaudeville specialties. The new farce is said to be the funniest yet.

OUT OF 4,000,000 IN AMERICAN ARMY, 5,828 GOT MEDALS

WASHINGTON, Feb. 11.—One out of every 666 officers and men in the world war got some kind of decoration from the United States Government, it was revealed at the war department.

The total number of honors is 5,828 and the generally accepted total under arms was 4,000,000.

Officers who got medals or other honors numbered 2,178, and enlisted men 3,650. The total number who got Distinguished Service Crosses were: Officers and men, 5,159; Distinguished Service Medals, 641 officers, and Medals of Honor, 780 officers and men.

WILL RESIDE IN CALIFORNIA

The marriage of Miss Elizabeth Calhoun Waddell, daughter of the Rev. Dr. and Mrs. John M. Waddell, of Lincoln avenue, Bellevue, to John Jerome Alexander, of Berkeley, California, was solemnized by the bride's father in the Waddell home yesterday afternoon. The bride wore a traveling costume of blue tulle with hat to match, and a corsage of Ophelia roses. The maid of honor, Miss Elizabeth McClelland, of Washington, Pa., wore a blue tailored suit with corsage bouquet of sweetheart roses. John Waddell, of Independence, Kansas, was best man. A dinner followed the ceremony. Mr. and Mrs. Alexander will make their home in Berkeley, California.—Pittsburgh Gazette-Times.

Merely a Symptom.

A prominent oculist of New York defines culture as that breadth of view where our knowledge and interests extend beyond our own particular vocations and which enables us to meet with intelligent and sympathetic interest people of widely divergent activities and attainments, but out here in this garden spot of the world we suppose most of us will continue to regard it as not using a toothpick in public.—Ohio State Journal.

Natural Inquiry.

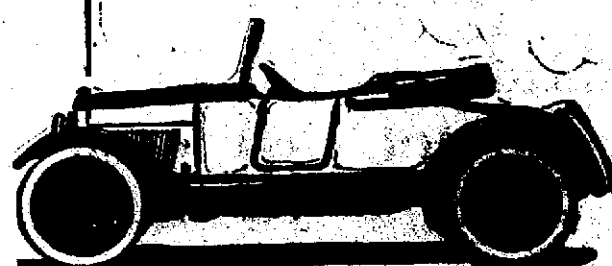

Our little four-year-old girl went with me to feed the chickens. The food was quite hot and the chickens drew their bills out quickly. I said: "They ought not put their noses in that hot food." "Have chickens got noses?" she asked. I told her they had, and her next inquiry was: "Where do they carry their handkerchiefs?"—Exchange.

Weak - Nervous Women

There is No Remedy Like Vinol

Those who are nervous, all run down, no appetite, and can "hardly drag around" Vinol creates a hearty appetite, induces sound sleep, invigorates the nerves, creates strength and quiets the nerves.

Here is Proof that Should Convince Everyone

Sobree, Ky.—"I was run-down, weak, and nervous, and had no appetite and could not sleep, so I was unfit to keep around and do my work. A friend asked me to try Vinol. I did so and now I sleep better, eat better and feel better in every way, and I can truly recommend Vinol to others who are in a run-down, nervous condition."—Mrs. T. H. SHELTON.

St. Louis, Mo.—"I was in such a weak, run-down, nervous condition I could not do my work, and had lost all my appetite as I had taken so much medicine without benefit. A relative told me about Vinol and I cannot praise it enough for what it has done for me in restoring my health and strength."—Mrs. E. H. WASH.

For all run-down, nervous conditions, weak women, overworked mothers, feeble old people and delicate children, there is no remedy like Vinol.

Your money will be returned if Vinol fails.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Capt. William Castleberry and wife have been in Curwensville for some days, visiting in the home of Mail Carrier Ed. Benson. A brother of Mrs. Castleberry. During the world war the captain held an important government position, being stationed in Washington. Mrs. Castleberry was connected with the Red Cross. The captain was released from the service last November and since that time he and his wife have been spending their time in New York, Philadelphia, Williamsport and other cities. They will leave Curwensville today for Portland, Oregon, where they expect to reside permanently.

Mrs. H. J. Kittleberger received a telegram on Monday announcing the serious illness of her mother, Mrs. Bartholomew, in Pittsburgh.

It was reported yesterday afternoon that there were over one hundred cases of flu in Curwensville, and also that a number of cases of pneumonia existed.

Mrs. H. J. Kittleberger and two children are confined to their home suffering from an attack of the flu and grip.

The meeting of the newly organized American Legion held last evening was quite largely attended and considerable enthusiasm manifested in the strides the Legion was making in adding names for membership to the roll.

Miss Sarah Miller is seriously ill at the home of her parents, in the Birger block, with pneumonia.

Mrs. Alice A. Smith, wife of Chas. M. Smith, died at her home on Sunnyside avenue, South Side, yesterday morning at 3:15, after an illness lasting a week. Pleuro pneumonia was the direct cause of her death, which came sudden and unexpectedly to the family. She was a daughter of Clark B. and Sarah Norris, and was born at the farm home, in Pike township, on April 7, 1878, hence had she lived until next April her age would have been 43 years. She was united in marriage with Charles M. Smith about 18 years ago and from their union six children were born, one dying in infancy. She was a consistent member of the M. E. church and was also a member of the Rebekah lodge I. O. O. F. She is survived by her husband and five children, three boys and two girls. The date of her funeral has not been fixed, as her mother and several brothers reside in Illinois, from whom the family has not heard as yet. The bereaved family have the sympathy of the entire community.

WINBURNE

The dance held Tuesday evening in the U. M. W. of A. hall, was attended by a large crowd, from town and out of town.

Mrs. Oatie Merritt is still seriously ill. Her many friends wish her speedy recovery.

Howard Deviney is seriously ill with the influenza.

Mrs. Joseph Junquist was buried Sunday afternoon in the Presbyterian cemetery.

Due to shortage of help, the H. & C. telephone office will be closed at noon hour.

Mrs. Charles Deviney received a call to the bedside of her son, who is a victim of the influenza.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep it light. Try them. 10c and 25c.

The cost of living would hold few terrors for us if we could employ house help as cheaply as the gentleman from DuBois who is alleged to have gotten 241 weeks of service for \$8.23 and a few articles of wearing apparel. Some manager, we'll say.

Every friend of old State College in Pennsylvania should rally to the support of the student body in their efforts to obtain better train service to that town and college. Penn State is one of the foremost colleges of the east and it is a crime that one of the foremost colleges of the east and it is a crime that one must go to so much inconvenience to get there. Because of this disadvantage the beauties of the college town and the college itself are unknown to a majority of our people.

Railroad workers cannot be blamed for being vigilant and ever on the alert in the coming return of the roads to their owners. Over capitalization of the roads means that the labor employed on the roads must produce more in come on which to pay returns. Much is said of watered stock and no one will deny that there is watered stock in nearly all the roads. How this water can be wrung out of the mass without resulting in a "dry hole" for the honest investor is a matter of grave concern.

President Wilson has lost the best friend he ever had in the ranks of Republican newspapers. The Philadelphia Public Ledger has stuck to the president and his league plan through thick and thin. It helped to explain away the Shantung affair and made lightly of Wilson's surrender of freedom of the seas to the British. Now when it is apparent that Britain and France will accept the American ratification with the Lodge reservations the Ledger sees that it has been deluded by the administration and that the big things for which they thought they fought have turned out to be mere sign posts on the Wilsonian highway to world wide prominence. The Ledger calls frantically to Mr. Wilson to abandon his foolish stand with the same mental agility with which he abandoned Shantung and freedom of the seas. Is it still a single track mind with no switch turnout?

We always thought a lot of our Progress family; those three thousand heads of families who pay good money for our paper that it might give the news of the neighborhood, the state and the nation to their wives and their children that they might have that broad general education which can come only thru knowledge general education which can come only through a knowledge of of what the outside world is doing. Now we think more of it than ever. Since the first of the year every paper leaving The Progress office has been paid for. Not a single soul owes The Progress a penny for the paper since the first of the year and there are few indeed who owe the Progress agents, the boys, for more than the current week. We feel gratified that our four years of effort have been so rewarded and that our family is pleased and growing. Next Monday the present management enters its fifth year. We pledge our best efforts in putting out a better, bigger, more useful Clearfield newspaper.

MARKET STREET SCHOOL ENTERTAINMENT THURSDAY EVENING

The pupils of Market Street school will give their Lincoln Day play entitled "With Fire and Drum" at the High School Auditorium Thursday evening, February 12th, and all friends of the school and those who desire to witness a real, first class performance, should make it a point to attend.

The play is an extremely pretty one, the young people making up the cast are real entertainers, while specialties to amuse and please the most exacting critic, will be interspersed between the acts.

An admission fee of 15 cents for adults and 10 cents for children will be charged, and the proceeds will be applied to the library fund of the school.

VALENTINE SOCIAL

The Epworth League of the Trinity M. E. church will hold a Valentine Social Thursday evening, February 12th, in the Sunday School room of the church. Each one please bring a Valentine. This is the Post-Campaign Social. Members and friends are invited.

Persistent Saving

Persistent Savings is the only kind worth while.

The end of real saving is not to have more money to spend, but to attain financial independence, to be able to take advantage of opportunities for profitable investment when they come.

Saving for a week, a month or a year does not make anyone a saver. To form the Saving Habit requires time and persistent effort. It isn't easy at first, but he who saves in this way need not fear the future.

Big Value in Tires for Small Cars

Back of the manufacture of Goodyear Tires for small cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3 1/2-, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that, if you own a Ford, Chevrolet, Dort, Maxwell or other car requiring the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$20.00
30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water - \$3.90 proof bag.

Guard Against Jack Frost

with "Exide" Starting & Lighting Service

JACK FROST is a real enemy of the Starting and Lighting Battery. Prepare your battery to resist his attacks by making sure that it is in good condition for its winter's work.

Remember, that your car is much harder to start in winter than in summer, and also that the long winter nights call for greater use of lights.

Drive around to our "Exide" Service Station and let us inspect your battery. We make no charge for this service. Expert attention at this time will assure you good service this winter and save you money.

If you do not run your car this winter—send your battery to us and let us care for it during the cold weather. We will give it proper care and return it to you in the spring in good condition. Our small charge for this service may save you the cost of a new battery in the spring.

Gray, faded hair turned beautifully dark and lustrous almost over night, is a reality, if you'll take the trouble to mix sage tea and sulphur, but what is the use, you get a large bottle of the ready-to-use tonic, called "Wyeth's Sage and Sulphur Compound" at drug stores here. Millions of bottles of "Wyeth's" are sold annually, says a well-known druggist, because it darkens the hair so naturally and evenly that no one can tell it has happened. You just dampen a sponge or soft brush with it Wyeth's Sage and Sulphur Compound and apply it to the hair, drawing it through your hair, taking one small strand at a time.

BETTER SERVICE TO STATE COLLEGE IS AIM OF STUDENTS

STATE COLLEGE, Pa., Feb. 11.—An effort on the part of students at the Pennsylvania State College is being made to obtain better railroad transportation facilities to and from this town. Some progress has been made in spite of the inability of railroads to extend their lines into new territory at this time. With over three thousand persons to handle at the beginning and end of every vacation period, the question of proper transportation here has become a very important one.

Under existing conditions students and visitors have to be transported in automobile busses from three to thirty-five miles to make satisfactory connections in any direction. Students have taken the matter in hand since the last big rush at the end of the Christmas vacation when scores were forced to wait for hours in Bellefonte, Lemont and Tyrone for automobile service. Committees will be appointed to investigate and take up the matter with proper authorities.

Electric lines from Bellefonte to Lewistown, through State College, or from the Bellefonte-Sunbury branch of the Pennsylvania railroad through State College to Scottdale and Tyrone, have been proposed in the past. Either would bring State College better connections in all directions.

MAKE CIDER INTO VINEGAR

"Make all your excess apples and cider into cider vinegar. Don't take a chance on selling cider for beverage purposes."

This advice to the farmers of Pennsylvania is given by Director James Foust of the Bureau of Foods, Pennsylvania Department of Agriculture, in response to scores of letters from farmers in all parts of the state seeking information relative to the enforcement of the eighteenth constitutional amendment.

"Cider may be sold," said Director Foust, "without interference from any source, as long as it is free of alcoholic contents. The state law permits the addition of one-tenth of one per cent. of benzoate of soda for the purpose of keeping the cider sweet. If the beverage contains less than one-half of one per cent. of alcohol, it comes under the Brooks High License law in Pennsylvania and if it contains more than one-half of one per cent. of alcohol, it comes under the Federal amendment and the person disposing of it is liable to a fine and imprisonment."

"With only a little fermentation, cider quickly assumes the proportions of a drink that is under the ban of national prohibition. With the price that pure cider vinegar is commanding on the market today, I strongly advise all farmers to use their apples in the manufacture of cider vinegar and not engage in the sale of cider for beverage purposes. By doing this the farmer gets a good return for his labor and products and escapes all possibility of wittingly or unwittingly violating the laws."

IN SPITE of the enormous war drain on horse flesh the number of horses in the United States in 1918 and 1919 has been greater by more than half a million than the total for any other two years in our history. Their average value per head has been exceeded only five times since 1867 and that in the last two years. The croaking prophet has always predicted that the horse would vanish, but in spite of railroads, inland waterways, the bicycle, the trolley car, the automobile and the tractor, the horse continues to flourish like a green bay tree.

"The horse will always have his own work to do," says Mr. Frank Bascom, V. P. American Steel & Wire Company, "and he will not be replaced by tractors or machinery of any kind."

The friends of the horse are organizing associations in many parts of the country, the main objects being:

1. To promote interest in and appreciation of the horse.
2. To encourage the breeding and use of more and better horses.
3. To bring about the construction of improved highways adapted to the use of horse-driven vehicles and

The Velvet tin is twice as big as shown here.

There's a World of Solid Comfort In the Rich, Red Tin

YES, sir, we mean that same warm red and gold tin that smiles a welcoming "Howdy" to you in every tobacco store. Know what those colors mean?

The red is for the friendly warmth, the mellow cheeriness, that Velvet puts into your old pipe. And the gold is where the Kentucky sunshine, that ripens good old Velvet, has just sort of soaked through.

Remember what Velvet Joe said about it?

"You've met canned meat and canned music. Ever see any tinned sunshine? Well, look into my Velvet tin."

And think this over:

We don't have to hide Velvet's taste or smell with a lot of this, that and the other thing. Because Velvet has naturally what pipe smokers want—real, simple, pure tobacco taste and fragrance. It's just good, honest Kentucky leaf, made still more friendly and mellow by two years' ageing in wooden hogsheads. Just good tobacco. That's all. But it's mighty near enough for the man who wants a pipeful of tobacco and not a box of bon bons.

The picture of a pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

How's the Velvet holding out in your old red tin?

HARD WINTER ON DEER

Charley Anderson, the "old back hunter" from Pike township, in a recent letter to The Progress says he has been cutting logs for Bailey & Karslter on the mountains near the old William T. Irvin place and finds the snow two and one-half feet deep in the woods with an exceptionally heavy two-story crust. Charley closes by saying that as the last wolf has finally been slain he wants to remark that the present has been a darned hard winter on the deer. We guess he is about right.

Owners' Approval Is Like a Rousing Cheer

The Cleveland Six, from coast to coast, is establishing its place in motordom. The bitter cold days of the Northern winter have proved its ease of starting, just as the hot summer days, when hundreds of new Cleverlands were being driven across the country, proved the perfection of its radiation.

The Cleveland Six is in the hands of owners all over the United States today, and the chorus of satisfactory approval from these owners is like a rousing cheer. They say the car surprises them, pleases them, delights them. Its plant power, its simple ease of handling, its boat-like

comfort, surpass all expectations. If you hope and plan to start the new season with a new five-passenger touring car which is a real six, or such a car of roadster type with wide, deep seat of restful cushioning and plenty of stow-away space, then come in and see the Cleveland Six.

A study of this car will interest you.

STATE IS LOOKING AFTER CRIPPLED IN STATE INDUSTRIES

HARRISBURG, Feb. 11—Rehabilitation of persons injured in industrial accidents in this state has been started by the Pennsylvania Department of Labor and Industry. A report of the progress made since the Bureau of Rehabilitation was established, late last year, has been made public by Commissioner Clifford B. Connelley, head of the department.

Contact has been established with seventy-four crippled persons, including two females, according to S. S. Riddle, the chief of the new bureau. They are located in thirty-one counties of the state. Although many of the persons were injured before the act was approved they will benefit under the provisions of the law, in accordance with a ruling by the state attorney general.

Under the law, establishing the Bureau of Rehabilitation, it can be of service only to a resident of Pennsylvania whose earning capacity has been destroyed or impaired through an industrial accident occurring in this state. The purpose of the new bureau is to get back into proper employment persons who are able to return to work.

Rehabilitation by the state does not apply to aged or helpless persons requiring permanent custodial care, or to deaf or blind persons under the care of the state or semi-state institution. The bureau at Harrisburg is daily receiving inquiries from persons disabled in industrial accidents throughout the state.

HAVE YOU BEEN ENUMERATED? BE SURE YOU HAVE

Supervisor Frank E. Costello, of Bradford, supervisor of the census for the 15th district of Pennsylvania of which Clearfield county is a part, is anxious to have every person in the district enumerated and to that end has asked the newspapers to give general circulation to the accompanying coupon with a view to giving any person missed by the enumerators a chance to be enrolled, before the lists are finally made up.

Here is your opportunity if you have been missed. Act accordingly. **HAVE YOU BEEN ENUMERATED?** If not, or if you have any doubt, fill out this coupon and mail to Frank E. Costello, Supervisor of Census, Bradford, Pennsylvania.

On January 1, 1920, I was living at address given below, but to the best of my knowledge I have not been enumerated there or anywhere else.

WANT TO SEE WIZARD HOPPE

Great interest is being shown in this section over the coming to Clearfield of National Billiard Champion William Hoppe, the greatest artist who ever handled a cue.

Hoppe and Charles Peterson, champion fancy shot of the U. S. A., will give an exhibition at the Y. M. C. A. gymnasium, Friday afternoon and evening, February 13th.

Indications point to a crowded house, and if you wish to make sure of a chance to give the world's champion the once over, you had better drop into Healey's Billiard Parlors and arrange for your seat.

If a questionnaire regarding Saskatchewan should be issued to people in the United States, it would, no doubt, be interesting and illuminating to read the answers. What percentage of replies would declare it to be a wild country? How many exceptions would be colored by impressions gained from viewing "The Girl from the Saskatchewan" who, in blue velvet and white fur, appeared in a snow scene in "The Pink Lady" a few years ago? Few would give the province of the "Rapid River" credit for the products it ships into the United States year by year.

With a population of about three persons to each of its 251,000 square miles, Saskatchewan is able to make sufficient products on its rich prairie acres to export millions of dollars worth to the United States.

Naturally, live stock and grain make up the bulk of the aggregate. Live cattle and meats sent to the north in the neighborhood of three millions of dollars annually and the available export.

The Fiftieth Anniversary

Just fifty years ago this winter Dr. Pierce gave to the world his famous "Favorite Prescription" for the distressing weaknesses and complaints of women. For many years he had been in the active practice of medicine and his specialty was the diseases of women. Later he desired to give this to the public, and he received a trade-mark protection from the United States patent office for this medicine which is an herbal, "temperance" prescription with all the ingredients printed on the bottle wrapper. In his every day practice in the early days he also used a tonic and alterative for the blood, which was so universally beneficial that he determined to place this medicine in the drug stores of the United States, where it could be readily procured by the public. This he called his "Golden Medical Discovery," which he had prescribed many years for the stomach, liver and blood. Both these medicines met with instant success, and during the past half century have sold in greater quantities than any other proprietary medicine. Neither of Dr. Pierce's medicines contains alcohol and both are herbal extracts of native medicinal plants. For the past fifty years forty-eight million bottles have been used by the American public, and they are today the standard tonic for men and women. They are now put up in a tablet as well as in liquid form, and sold by every druggist in the land. A trial package can be obtained by sending ten cents to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y. Write Dr. Pierce's name on the envelope for medical advice, or a free bottle, or any chronic disease.

HOW TO GET RID OF YOUR COLD

The quick way is to use Dr. King's New Discovery

DON'T put off until tonight what you can do today. Stop into your druggist's and buy a bottle of Dr. King's New Discovery. Start taking it at once. By the time you reach home you'll be on the way to recovery.

This standard family friend has been breaking colds, coughs, grippe attacks, and croup for more than fifty years. It's used wherever sure-fire relief is appreciated. Children and grownups alike can use it—there is no disagreeable after-effect. Your druggist has it. 80c and \$1.20 bottles. Give it a trial.

Bowels Begging for Help

Torpid liver pleading for assistance? How careless to neglect these things when Dr. King's New Life Pills so promptly, mildly, yet effectively come to their relief!

Leaving the system uncleaned, clogged bowels unmoved, results in health-destructive after-effects. Let stimulating, tonic-in-action Dr. King's New Life Pills bring you the happiness of regular, normal bowel and liver functioning. Keep feeling fit, doing the work of a man or woman who finds relief in it. All druggists—25c.

They couldn't be built now for twice \$71,000

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile—roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs \$34,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

Low capitalization and high operating efficiency have enabled American railroads to pay the highest wages while charging the lowest rates.

bothers, drink lots of water
and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarb, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

News

The spring garments show variety. There is no one period from which inspiration is being drawn for the costumes of today.

With the waning popularity of extended and wired hip effects, the Louis periods seem to be giving somewhat to the Oriental. This is particularly noticeable in the early Spring showings.

Even in the shades of green that promise to be the predominant color for the coming season, the Oriental note is apparent. Chinese green—that subtle shade which has a dash of blue, and two other shades, emerald and parrot green are the three that will undoubtedly be most in favor. Within the last week or so New York manufacturers have been showing their first models in coats, suits and dresses for early Spring wear.

DRINK HOT WATER
BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with coated tongue, four breath or a dull headache; or if your meals sour and ferment, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot

water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to headaches, backaches, bilious attacks, constipation or stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath.

Just as hot water and soap cleanse, purify and freshen the skin, so hot

phosphate act on the stomach, liver, kidneys, and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

"BITTER ENDERS" CONCEDE TREATY WILL BE RATIFIED AFTER MONDAY DISCUSSION

CANVASS SHOWS SENATORS EAGER TO BRING CLOSE TO LONG DRAWN OUT CONTROVERSY

MANY WATCHING FOR LOOPHOLE BY WHICH THEY CAN RESERVE FRONT ON PACT AND RESERVATIONS

QUICK ACTION MAY BE LOOKED FOR

WASHINGTON, Feb. 11—"Irreconcilable" Republican Senators are about ready to concede that the Senate will ratify the treaty as a result of the discussion, which will begin next Monday, it was indicated today.

A canvass of the Senate has shown some of the "bitter enders," they said, that "any loop hole which can be squeezed thru" will be used by certain Senators in changing front on the reservations and ratification. The "irreconcilables" are convinced that Senator Lodge and his supporters will not have the treaty in the presidential campaign. One of the "irreconcilables" said today that the supporters of the Lodge reservation are willing to agree to any reservation on Article Ten which will save their faces.

Senator Lodge offered in the Senate nine amendments to the reservations on the peace treaty today. Lodge did not, however, submit an amendment to Article Ten or the Monroe Doctrine.

PRESIDENT MAINTAINS SILENCE IN RAILROAD EMPLOYE WAGE DISPUTE

WASHINGTON, Feb. 11—President Wilson has not yet given Hines any advice as to how to proceed it was learned today at the White House. After his conference with union representatives Hines will submit the President a report.

LANCASTER EVANGELIST INSULTS SERVICE MEN: RAILS PRODUCED

LANCASTER, Pa., Feb. 11—Hundreds of members of the American Legion and 600 citizens with rails surrounded the Rev. Henry W. Stough, an Evangelist of Wagon, Ill., here early today and threatened him with violence because he declared in a speech that the soldiers were the "riff-raff and scum" of the world. The evangelist escaped with the assistance of the entire police force.

ROBERT UNDERWOOD JOHNSON WILL BE NEW AMBASSADOR TO ITALY

WASHINGTON, Feb. 11—Robert Underwood Johnson, of New York will be nominated American ambassador to Italy by President Wilson it was announced at the White House today. Johnson's nomination will go to the Senate within a few days. Johnson will succeed Thomas Nelson Page who resigned five months ago. Since his resignation the post has been vacant.

RAIL MEN COMBAT ADVERTISING OF RAILROAD MAGNATES

White Auditorium, S-E Corner
15 Chestnut Street,
Philadelphia, Pa.

Dec. 28, 1919

The Order of Railway Conductors on the P. R. R., B & O, Philadelphia & Reading Systems East of Pittsburgh and Erie. Passed the following resolutions.

RESOLUTIONS

WHEREAS, It is the sense of the representatives of the Order of Railway Conductors herein assembled, comprising Pennsylvania Lines East, Baltimore & Ohio, and Philadelphia & Reading Systems, that since the government has worked out a constructive railway policy, and the railroads are now paying their owners 5 per cent. on \$18,000,000,000 (of which \$8,000,000,000 comprises watered stock of fictitious values) and are earning their way Directors General of the railroads issued statement showing that in October, 1919, the roads after paying all charges, including the exorbitant rental of \$900,000,000, had earned a net profit of \$2,603,423. We urge for and on behalf of the general public and on behalf of the railway workers, who are required to earn dividends on one fictitious dollar for every dollar invested, that the railroads be retained under government administration for at least two years after January 1st, 1920, in order that a thorough test may be made of government operation under normal conditions. The common carriers of the country are the arteries of travel, commerce and industry. Transportation service and rates are intimately bound up with industrial production in all parts of the country.

AND WHEREAS, The Cummins-Esch Bill proposes to validate \$8,000,000,000 of "water" in the roads security. It proposes a perpetual guarantee of at least 5 1/2 per cent. on \$20,000,000,000 of security, \$8,000,000,000 of which are shadow dollars. It proposes 5 1/2 per cent. guarantee on 150,000,000 acres of land given to the western railroad corporations by the federal government, of which 40,000,000 acres remain available. The value of these grants have been secured by the railway promoters, or capitalized as part of the book values of the railway properties, on which the railroad corporations ask Congress to permit them to collect dividends from the public. It means 30 per cent. increase in passenger and freight rates. It means \$1,000,000,000 added to the nation's freight and passenger bill. It means \$4,000,000,000 added to the nation's railroad bill. It means that the railroads will be turned back and the workers will be securely bound and gagged so that they cannot resist proposed wage increases. It means that the wage earner will be regarded as wage slave.

AND WHEREAS, Senator Norris of Nebraska made the statement that Wall Street magnates who are endeavoring to induce Congress to return the railroads to private ownership, are about to launch the most extensive advertising scheme of campaign ever undertaken by special re-

HOUSEKEEPER SUES FOR HER LONG SERVICE

231 Weeks of Labor Rewarded Only By Purchase of Shoes And Wearing Apparel

FAILED TO PAY ANY WAGES

Lillian E. Hanna, of Clearfield, by her attorneys Chase & Chase, has entered suit in the Prothonotary's office against George Shannon, of DuBois, in an effort to collect \$513.77 said to be due her for wages.

Judging from the plaintiff's statement filed, if the allegations therein be true, the defendant though he could or attempted to keep hired help as cheaply as some hardfisted Clearfield county husbands are alleged to be keeping their wives.

In this statement the defendant says she was employed by Shannon January 13, 1913, to go to his home and work for him for \$2.00 per week and her board. She continued in his employ on the promise of those wages from that date until September 24, 1917, or a total of 211 weeks. At this point some differences no doubt arose and there was a break until October 17, 1918, when the plaintiff returned to defendant's employ at the old promised rate and continued there until March 1, 1919, or another stretch of 20 weeks, making 231 in all.

Now comes the denouement. During all those 261 weeks the lady says Shannon paid her a total of \$8.23—the tightfisted old tightwad—and this payment was made in merchandise or wearing apparel as follows: Two pairs of shoes, \$5.48; one pair of rubbers, 75c; two working or house dresses, \$1.00; underwear, \$1.10. How could he do it, we wonder?

The plaintiff states under oath that the \$8.23 worth of clothing is every last thing she was paid for her labor during all of the time enumerated and she proposes to have the Clearfield County courts help her to collect the \$505.54 remaining due and unpaid.

There is between 200 and 400 acres in this tract and the coal ranges in thickness from three and one half to five feet. Three seams are already opened and the coal is of the very best quality.

James L. McGonigal, the Pottersdale farmer and real estate dealer, was in Clearfield today to close a deal with D. T. Moore, of Karthaus, for the purchase of the Oliver Moore Estate coal lands, in Karthaus township. By this purchase Mr. McGonigal secures possession of one of the very finest bodies of coal in the lower end of the county.

WASHINGTON, Feb. 11—The Senate today passed the Wadsworth bill increasing the pay of the army, navy, marine corps, the coast guard and the Public Health Services.

LAWYER MAY BE HAILED BEFORE THE COURT

Grand Jury Indicts L. D. McCall, Esq., On Libel Charge By J. J. Heighes

MOVE TO QUASH FINDING

A lawyer at the bar of Justice on the paying instead of the receiving end, jurisprudence speaking, will be the spectacle presented at the February criminal court of a proceeding begun Monday by Attorney A. H. Woodward does not finally prevail.

The case comes from DuBois and the lawyer engulfed in the law's meshes is L. D. McCall, Esq. It appears that McCall had a claim against Contractor Jake Heighes, another DuBois man, and after endeavoring to collect same the attorney wrote a Ridgway firm with which the contractor had dealings, who claimed ownership in some material from which it was expected to make a claim, and in a letter to the contractor's attorney, Heighes, expressed a willingness to make a fair settlement of the matter. The Grand Jury considered the case and returned a verdict of guilty on the charge of libel.

The Pennsylvania Coal and Coke Corporation Attorney R. D. Swoope, entered suit in the Prothonotary's office against Peter B. Monr for \$3,000, amount said to be due for coal illegally mined by the defendant from a tract of land in Graham township, Clearfield county, under lease to the plaintiff company.

WILL ENTERTAIN EX-SERVICE MEN

The Second Ward Hose Company is arranging for a banquet to be given in honor of the ex-service men from No. 2 who saw service with Uncle Sam's army. There were 31 members of this company in the service, the last one returning home a few weeks ago, and the boys figure on giving all hands a proper welcome and spread.

The affair will be pulled off at the hose house Thursday evening, February 19th, and will be "some party."

PURCHASED VALUABLE COAL LANDS

James L. McGonigal, the Pottersdale farmer and real estate dealer, was in Clearfield today to close a deal with D. T. TWO MILLION DOLLAR BOND ROBBERY ON WALL STREET FOILED BY POLICE

NEW YORK, Feb. 11—Details of a plot to steal two million dollars' worth of Liberty Bonds and other securities from a Wall Street firm were revealed by the police today through the arrest of three men charged with having stolen securities from Paris & Company, stock brokers, amounting to several thousand dollars.

The men arrested are Joseph and Irvine Gluck, miscellaneous, and E. J. Furey, a chauffeur. Police say the men discovered the connecting link by which a Wall Street firm came into possession of several millions of dollars' worth of Liberty Bonds bought from other firms in the last six months. One of the men under arrest is said to have confessed his part in the plot and to have told of the entire workings of the gang which has been stealing securities from Wall Street brokerage firms. Police say the bonds were to have been held and released in Canada later.

Two more arrests in the alleged plot for the theft of two million dollars worth of securities in the financial district today marked the continuance of an investigation started late yesterday. The two arrested late today were Rudolph C. Bunera, aged 22, a stock messenger, and his brother, Herbert, aged 19.

The Razor

Lincoln used

THE razor Lincoln used was not unlike the man himself—in outward form, unassuming, and yet an instrument of exquisite balance—with a time-saving length of blade, a fresh, keen-stropped edge for the work in hand and a wondrously even temper.

One pictures Lincoln as full of affection for this honest blade despite the fact that his deep-furrowed face was not the easiest to shave. The only things that Lincoln's razor really needed to lighten the patient morning task were the safety and convenience of the guarded, double-edged blade of the

GOVERNMENT LOANS RAPIDLY INCREASE LIVESTOCK PRODUCED ON SMALL FARMS

Pure-bred sires are coming.

EDMONTON, ALTA.—The "Cow Bill" as it is popularly known, recently passed by the Alberta legislature, is something absolutely new in Canadian statute books and is generally regarded as one of the best pieces of farming legislation ever enacted in western Canada. It is an act to encourage the increased raising of livestock.

The bill, fathered by Duncan Marshall, minister of agriculture and himself a veteran farmer, provides for loans to farmers, guaranteed by the provincial government, to enable them to increase and improve their livestock.

Under the bill, farmers who form themselves into an association with a minimum of five members, may borrow \$200 each for the purchase of cows and heifers and \$500 jointly for the purchase of a purebred bull. The association members give their cattle as security and borrow money from a bank. The loan runs for five years at 6 per cent interest and is guaranteed by the government. They may sell the two-year-old offspring of their cattle and apply the proceeds to their debt or they may sell all their cattle and, with the approval of the livestock commissioner, invest in another breed or in sheep, hogs or horses for breeding purposes.

The purpose of the bill is to benefit the poorer settlers and the small farmers. Farmers have been quick to take advantage of it. Hundreds of associations have been formed. This is notably true in the communities along the Canadian National Railways where settlement is comparatively new. Many loans have been negotiated and the effect of the bill already is apparent in the rapid increase of both dairy and beef herds on small farms.

"MUTT AND JEFF" AT DRIGGS THEATRE TONIGHT

Laughter as a tonic beats all the best patent medicines. It drives away dull care, chases away the blues and makes despondency look like "thirty cents." Laughter in large chunks will be on tap at the Driggs Theatre tonight, when "Mutt and Jeff's Dream" will be the caper. The piece is successful by its rapid continuity of amusing scenes and laughable situations, to say nothing of the splendid list of specialties and pretty music, with its catchy songs, big chorus of vivacious maidens, comedians, dancers and singers, who know how to entertain.

The twenty musical numbers are all new and consist of a variety of catchy airs with many vaudeville specialties. The new farce is said to be the funniest yet.

OUT OF 4,000,000 IN AMERICAN ARMY, 5,828 GOT MEDALS

WASHINGTON, Feb. 11.—One out of every 666 officers and men in the world war got some kind of decoration from the United States Government, it was revealed at the war department.

The total number of honors is 5,828 and the generally accepted total under arms was 4,000,000.

Officers who got medals or other honors numbered 2,178, and enlisted men 3,650. The total number who got Distinguished Service Crosses were: Officers and men, 5,159; Distinguished Service Medals, 641 officers, and Medals of Honor, 780 officers and men.

WILL RESIDE IN CALIFORNIA

The marriage of Miss Elizabeth Calhoun Waddell, daughter of the Rev. Dr. and Mrs. John M. Waddell, of Lincoln avenue, Bellevue, to John Jerome Alexander, of Berkeley, California, was solemnized by the bride's father in the Waddell home yesterday afternoon. The bride wore a traveling costume of blue tulle with hat to match, and a corsage of Ophelia roses. The maid of honor, Miss Elizabeth McClelland, of Washington, Pa., wore a blue tailored suit with corsage bouquet of sweetheart roses. John Waddell, of Independence, Kansas, was best man. A dinner followed the ceremony. Mr. and Mrs. Alexander will make their home in Berkeley, California.—Pittsburgh Gazette-Times.

Merely a Symptom.

A prominent oculist of New York defines culture as that breadth of view where our knowledge and interests extend beyond our own particular vocations and which enables us to meet with intelligent and sympathetic interest people of widely divergent activities and attainments, but out here in this garden spot of the world we suppose most of us will continue to regard it as not using a toothpick in public.—Ohio State Journal.

Natural Inquiry.

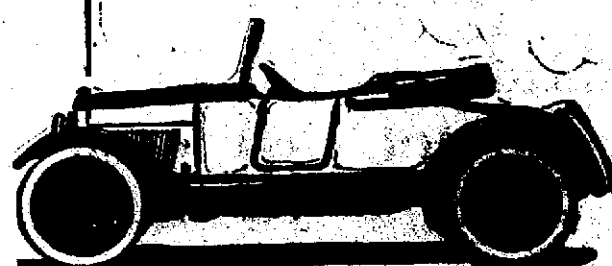

Our little four-year-old girl went with me to feed the chickens. The food was quite hot and the chickens drew their bills out quickly. I said: "They ought not put their noses in that hot food." "Have chickens got noses?" she asked. I told her they had, and her next inquiry was: "Where do they carry their handkerchiefs?"—Exchange.

Those who are nervous, all run down, no appetite, and can "hardly drag around" Vinol creates a hearty appetite, induces sound sleep, invigorates the nerves, creates strength and quiets the nerves.

Here is Proof that Should Convince Everyone

Sobree, Ky.—"I was run-down, weak, and nervous, and had no appetite and could not sleep, so I was unfit to keep around and do my work. A friend asked me to try Vinol. I did so and now I sleep better, eat better and feel better in every way, and I can truly recommend Vinol to others who are in a run-down, nervous condition."—Mrs. T. H. SHELTON.

St. Louis, Mo.—"I was in such a weak, run-down, nervous condition I could not do my work, and had lost all my appetite as I had taken so much medicine without benefit. A relative told me about Vinol and I cannot praise it enough for what it has done for me in restoring my health and strength."—Mrs. E. H. WALKER.

For all run-down, nervous conditions, weak women, overworked mothers, feeble old people and delicate children, there is no remedy like Vinol.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Capt. William Castleberry and wife have been in Curwensville for some days, visiting in the home of Mail Carrier Ed. Benson. A brother of Mrs. Castleberry. During the world war the captain held an important government position, being stationed in Washington. Mrs. Castleberry was connected with the Red Cross. The captain was released from the service last November and since that time he and his wife have been spending their time in New York, Philadelphia, Williamsport and other cities. They will leave Curwensville today for Portland, Oregon, where they expect to reside permanently.

Mrs. H. J. Kittleberger received a telegram on Monday announcing the serious illness of her mother, Mrs. Bartholomew, in Pittsburgh.

It was reported yesterday afternoon that there were over one hundred cases of flu in Curwensville, and also that a number of cases of pneumonia existed.

Mrs. H. J. Kittleberger and two children are confined to their home suffering from an attack of the flu and grip.

The meeting of the newly organized American Legion held last evening was quite largely attended and considerable enthusiasm manifested in the strides the Legion was making in adding names for membership to the roll.

Miss Sarah Miller is seriously ill at the home of her parents, in the Birger block, with pneumonia.

Mrs. Alice A. Smith, wife of Chas. M. Smith, died at her home on Susquehanna avenue, South Side, yesterday morning at 3:15, after an illness lasting a week. Pleuro pneumonia was the direct cause of her death, which came sudden and unexpectedly to the family. She was a daughter of Clark B. and Sarah Norris, and was born at the farm home, in Pike township, on April 7, 1878, hence had she lived until next April her age would have been 43 years. She was united in marriage with Charles M. Smith about 18 years ago and from their union six children were born, one dying in infancy. She was a consistent member of the M. E. church and was also a member of the Rebekah lodge I. O. O. F. She is survived by her husband and five children, three boys and two girls. The date of her funeral has not been fixed, as her mother and several brothers reside in Illinois, from whom the family has not heard as yet. The bereaved family have the sympathy of the entire community.

WINBURNE

The dance held Tuesday evening in the U. M. W. of A. hall, was attended by a large crowd, from town and out of town.

Mrs. Oatie Merritt is still seriously ill. Her many friends wish her speedy recovery.

Howard Deviney is seriously ill with the influenza.

Mrs. Joseph Junquist was buried Sunday afternoon in the Presbyterian cemetery.

Due to shortage of help, the H. & C. telephone office will be closed at noon hour.

Mrs. Charles Deviney received a call to the bedside of her son, who is a victim of the influenza.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel!

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep it light. Try them. 10c and 25c.

The cost of living would hold few terrors for us if we could

employ house help as cheaply as the gentleman from DuBois who

is alleged to have gotten 241 weeks of service for \$8.23 and a few

articles of wearing apparel. Some manager, we'll say.

Every friend of old State College in Pennsylvania should

ally to the support of the student body in their efforts to obtain

better train service to that town and college. Penn State is one

of the foremost colleges of the east and it is a crime that one

must go to so much inconvenience to get there. Because of this

disadvantage the beauties of the college town and the college

itself are unknown to a majority of our people.

Railroad workers cannot be blamed for being vigilant and

ever on the alert in the coming return of the roads to their

owners. Over capitalization of the roads means that the labor

employed on the roads must produce more in come on which to

pay returns. Much is said of watered stock and no one will

deny that there is watered stock in nearly all the roads. How

this water can be wrung out of the mass without resulting in a

"dry hole" for the honest investor is a matter of grave concern.

President Wilson has lost the best friend he ever had in

the ranks of Republican newspapers. The Philadelphia Public

Ledger has stuck to the president and his league plan through

thick and thin. It helped to explain away the Shantung affair

and made lightly of Wilson's surrender of freedom of the seas

to the British. Now when it is apparent that Britain and France

will accept the American ratification with the Lodge reservations

the Ledger sees that it has been deluded by the administration

and that the big things for which they thought they fought have

turned out to be mere sign posts on the Wilsonian highway to

world wide prominence. The Ledger calls frantically to Mr.

Wilson to abandon his foolish stand with the same mental agility

with which he abandoned Shantung and freedom of the seas.

Is it still a single track mind with no switch turnout?

We always thought a lot of our Progress family; those three

thousand heads of families who pay good money for our paper

that it might give the news of the neighborhood, the state and

the nation to their wives and their children that they might have

that broad general education which can come only thru knowledge

general education which can come only through a knowledge of

of what the outside world is doing. Now we think more of it than

ever. Since the first of the year every paper leaving The Prog-

ress office has been paid for. Not a single soul owes The Prog-

ress a penny for the paper since the first of the year and there

are few indeed who owe the Progress agents, the boys, for more

than the current week. We feel gratified that our four years

of effort have been so rewarded and that our family is pleased

and growing. Next Monday the present management enters its

fifth year. We pledge our best efforts in putting out a better,

bigger, more useful Clearfield newspaper.

Big Value in Tires for Small Cars

Back of the manufacture of Goodyear Tires for small cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that, if you own a Ford, Chevrolet, Dort, Maxwell or other car requiring the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$20.00

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water—\$3.90 proof bag.

Guard Against Jack Frost

with "Exide" Starting & Lighting Service

JACK FROST is a real enemy of the Starting and Lighting Battery. Prepare your battery to resist his attacks by making sure that it is in good condition for its winter's work.

Remember, that your car is much harder to start in winter than in summer, and also that the long winter nights call for greater use of lights.

Drive around to our "Exide" Service Station and let us inspect your battery. We make no charge for this service. Expert attention at this time will assure you good service this winter and save you money.

If you do not run your car this winter—send your battery to us and let us care for it during the cold weather. We will give it proper care and return it to you in the spring in good condition. Our small charge for this service may save you the cost of a new battery in the spring.

Gray, faded hair turned beautifully dark and lustrous almost over night, is a reality, if you'll take the trouble to mix sage tea and sulphur, but what is the use, you get a large bottle of the ready-to-use tonic, called "Wyeth's Sage and Sulphur Compound" at drug stores here. Millions of bottles of "Wyeth's" are sold annually, says a well-known druggist, because it darkens the hair so naturally and evenly that no one can tell it has happened. You just dampen a sponge or soft brush with it Wyeth's Sage and Sulphur Compound and draw it through your hair, taking one small strand at a time.

BETTER SERVICE TO STATE COLLEGE IS AIM OF STUDENTS

STATE COLLEGE, Pa., Feb. 11.—An effort on the part of students at the Pennsylvania State College is being made to obtain better railroad transportation facilities to and from this town. Some progress has been made in spite of the inability of railroads to extend their lines into new territory at this time. With over three thousand persons to handle at the beginning and end of every vacation period, the question of proper transportation here has become a very important one.

Under existing conditions students and visitors have to be transported in automobile busses from three to thirty-five miles to make satisfactory connections in any direction. Students have taken the matter in hand since the last big rush at the end of the Christmas vacation when scores were forced to wait for hours in Bellefonte, Lemont and Tyrone for automobile service. Committees will be appointed to investigate and take up the matter with proper authorities.

Electric lines from Bellefonte to Lewistown, through State College, or from the Bellefonte-Sunbury branch of the Pennsylvania railroad through State College to Scottdale and Tyrone, have been proposed in the past. Either would bring State College better connections in all directions.

MAKE CIDER INTO VINEGAR

"Make all your excess apples and cider into cider vinegar. Don't take a chance on selling cider for beverage purposes."

This advice to the farmers of Pennsylvania is given by Director James Foust of the Bureau of Foods, Pennsylvania Department of Agriculture, in response to scores of letters from farmers in all parts of the state seeking information relative to the enforcement of the eighteenth constitutional amendment.

"Cider may be sold," said Director Foust, "without interference from any source, as long as it is free of alcoholic contents. The state law permits the addition of one-tenth of one per cent. of benzoate of soda for the purpose of keeping the cider sweet. If the beverage contains less than one-half of one per cent. of alcohol, it comes under the Brooks High License law in Pennsylvania and if it contains more than one-half of one per cent. of alcohol, it comes under the Federal amendment and the person disposing of it is liable to a fine and imprisonment."

"With only a little fermentation, cider quickly assumes the proportions of a drink that is under the ban of national prohibition. With the price that pure cider vinegar is commanding on the market today, I strongly advise all farmers to use their apples in the manufacture of cider vinegar and not engage in the sale of cider for beverage purposes. By doing this the farmer gets a good return for his labor and products and escapes all possibility of wittingly or unwittingly violating the laws."

Painful.

Genius is the capacity for making somebody else take infinite pains.—New York Evening Sun.

(National Crop Improvement Service.)

IN SPITE of the enormous war drain on horse flesh the number of horses in the United States in 1918 and 1919 has been greater by more than half a million than the total for any other two years in our history. Their average value per head has been exceeded only five times since 1867 and that in the last two years. The croaking prophet has always predicted that the horse would vanish, but in spite of railroads, inland waterways, the bicycle, the trolley car, the automobile and the tractor, the horse continues to flourish like a green bay tree.

"The horse will always have his own work to do," says Mr. Frank Bascom, V. P. American Steel & Wire Company, "and he will not be replaced by tractors or machinery of any kind."

The friends of the horse are organizing associations in many parts of the country, the main objects being:

1. To promote interest in and appreciation of the horse.
2. To encourage the breeding and use of more and better horses.
3. To bring about the construction of improved highways adapted to the use of horse-driven vehicles and

The Velvet tin is twice as big as shown here.

There's a World of Solid Comfort In the Rich, Red Tin

YES, sir, we mean that same warm red and gold tin that smiles a welcoming "Howdy" to you in every tobacco store. Know what those colors mean?

The red is for the friendly warmth, the mellow cheeriness, that Velvet puts into your old pipe. And the gold is where the Kentucky sunshine, that ripens good old Velvet, has just sort of soaked through.

Remember what Velvet Joe said about it?

"You've met canned meat and canned music. Ever see any tinned sunshine? Well, look into my Velvet tin."

And think this over:

We don't have to hide Velvet's taste or smell with a lot of this, that and the other thing. Because Velvet has naturally what pipe smokers want—real, simple, pure tobacco taste and fragrance. It's just good, honest Kentucky leaf, made still more friendly and mellow by two years' ageing in wooden hogsheads. Just good tobacco. That's all. But it's mighty near enough for the man who wants a pipeful of tobacco and not a box of bon bons.

The picture of a pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

How's the Velvet holding out in your old red tin?

HARD WINTER ON DEER

Charley Anderson, the "old back hunter" from Pike township, in a recent letter to The Progress says he has been cutting logs for Bailey & Karslter on the mountains near the old William T. Irvin place and finds the snow two and one-half feet deep in the woods with an exceptionally heavy two-story crust. Charley closes by saying that as the last wolf has finally been slain he wants to remark that the present has been a darned hard winter on the deer. We guess he is about right.

Owners' Approval Is Like a Rousing Cheer

The Cleveland Six, from coast to coast, is establishing its place in motordom. The bitter cold days of the Northern winter have proved its ease of starting, just as the hot summer days, when hundreds of new Cleverlands were being driven across the country, proved the perfection of its radiation.

The Cleveland Six is in the hands of owners all over the United States today, and the chorus of satisfactory approval from these owners is like a rousing cheer. They say the car surprises them, pleases them, delights them. Its pliant power, its simple ease of handling, its boat-like

comfort, surpass all expectations. If you hope and plan to start the new season with a new five-passenger touring car which is a real six, or such a car of roadster type with wide, deep seat of restful cushioning and plenty of stow-away space, then come in and see the Cleveland Six.

A study of this car will interest you.
A ride in it will convince you.

STATE IS LOOKING AFTER CRIPPLED IN STATE INDUSTRIES

HARRISBURG, Feb. 11—Rehabilitation of persons injured in industrial accidents in this state has been started by the Pennsylvania Department of Labor and Industry. A report of the progress made since the Bureau of Rehabilitation was established, late last year, has been made public by Commissioner Clifford B. Connelley, head of the department.

Contact has been established with seventy-four crippled persons, including two females, according to S. S. Riddle, the chief of the new bureau. They are located in thirty-one counties of the state. Although many of the persons were injured before the act was approved they will benefit under the provisions of the law, in accordance with a ruling by the state attorney general.

Under the law, establishing the Bureau of Rehabilitation, it can be of service only to a resident of Pennsylvania whose earning capacity has been destroyed or impaired through an industrial accident occurring in this state. The purpose of the new bureau is to get back into proper employment persons who are able to return to work.

Rehabilitation by the state does not apply to aged or helpless persons requiring permanent custodial care, or to deaf or blind persons under the care of the state or semi-state institution. The bureau at Harrisburg is daily receiving inquiries from persons disabled in industrial accidents throughout the state.

HAVE YOU BEEN ENUMERATED? BE SURE YOU HAVE

Supervisor Frank E. Costello, of Bradford, supervisor of the census for the 15th district of Pennsylvania of which Clearfield county is a part, is anxious to have every person in the district enumerated and to that end has asked the newspapers to give general circulation to the accompanying coupon with a view to giving any person missed by the enumerators a chance to be enrolled, before the lists are finally made up.

Here is your opportunity if you have been missed. Act accordingly. HAVE YOU BEEN ENUMERATED? If not, or if you have any doubt, fill out this coupon and mail to Frank E. Costello, Supervisor of Census, Bradford, Pennsylvania.

On January 1, 1920, I was living at address given below, but to the best of my knowledge I have not been enumerated there or anywhere else.

WANT TO SEE WIZARD HOPPE
Great interest is being shown in this section over the coming to Clearfield of National Billiard Champion William Hoppe, the greatest artist who ever handled a cue.

Hoppe and Charles Peterson, champion fancy shot of the U. S. A., will give an exhibition at the Y. M. C. A. gymnasium, Friday afternoon and evening, February 13th.

Indications point to a crowded house, and if you wish to make sure of a chance to give the world's champion the once over, you had better drop into Healey's Billiard Parlors and arrange for your seat.

INTRODUCING SASKATCHEWAN

Reservoir at Indian Head, Sask.

Horford, Sask. Cross Lake, Sask.

Outlook

If a questionnaire regarding Saskatchewan should be issued to people in the United States, it would, no doubt, be interesting and illuminating to read the answers. What percentage of replies would declare it to be a wild country? How many exceptions would be colored by impressions gained from viewing "The Girl from the Saskatchewan" who, in blue velvet and white fur, appeared in a snow scene in "The Pink Lady" a few years ago? Few would give the province of the "Rapid River" credit for the products it ships into the United States year by year.

With a population of about three persons to each of its 251,000 square miles, Saskatchewan is able to make sufficient products on its rich prairie acres to export millions of dollars worth to the United States.

Naturally, live stock and grain make up the bulk of the aggregate. Live cattle and meats sent to the north in the neighborhood of three million dollars annually and the available export.

Cold Cream

Not One Of The Best---THE BEST!

It is easy enough to make a claim and hard enough sometimes to back their claim up. We don't care to say that our cold cream is the best in the world, but we are readily influenced to say that it is the best in this locality, because our friends, our lady customers, say so. On this basis, you can safely try our cold cream.

Do You Enjoy Your Work

No one can enjoy their work as they should if their vision is imperfect.

A pair of the right kind of glasses will often change labor that seems a mere grind into pleasurable work.

If you have to use your eyes constantly get a pair of Toroids and see how much easier you can do your work. Toroids give the wide single vision of the natural eye.

The Fiftieth Anniversary

Just fifty years ago this winter Dr. Pierce gave to the world his famous "Favorite Prescription" for the distressing weaknesses and complaints of women. For many years he had been in the active practice of medicine and his specialty was the diseases of women. Later he desired to give this to the public, and he received a trade-mark protection from the United States patent office for this medicine which is an herbal, "temperance" prescription with all the ingredients printed on the bottle wrapper. In his every day practice in the early days he also used a tonic and alterative for the blood, which was so universally beneficial that he determined to place this medicine in the drug stores of the United States, where it could be readily procured by the public. This he called his "Golden Medical Discovery," which he had prescribed many years for the stomach, liver and blood. Both these medicines met with instant success, and during the past half century have sold in greater quantities than any other proprietary medicine. Neither of Dr. Pierce's medicines contains alcohol and both are herbal extracts of native medicinal plants. For the past fifty years forty-eight million bottles have been used by the American public, and they are today the standard tonic for men and women. They are now put up in a tablet as well as in liquid form, and sold by every druggist in the land. A trial package can be obtained by sending ten cents to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y. Write Dr. Pierce's name on the envelope for medical advice, or a free bottle, or any chronic disease.

HOW TO GET RID OF YOUR COLD

The quick way is to use Dr. King's New Discovery

DON'T put off until tonight what you can do today. Stop into your druggist's and buy a bottle of Dr. King's New Discovery. Start taking it at once. By the time you reach home you'll be on the way to recovery.

This standard family friend has been breaking colds, coughs, grippe attacks, and croup for more than fifty years. It's used wherever sure-fire relief is appreciated. Children and grownups alike can use it—there is no disagreeable after-effect. Your druggist has it. 80c and \$1.20 bottles. Give it a trial.

Bowels Begging for Help

Torpid liver pleading for assistance? How careless to neglect these things when Dr. King's New Life Pills so promptly, mildly, yet effectively come to their relief!

Leaving the system uncleaned, clogged bowels unmoved, results in health-destructive after-effects. Let stimulating, tonic-in-action Dr. King's New Life Pills bring you the happiness of regular, normal bowel and liver functioning. Keep feeling fit, doing the work of a man or woman who finds relief in it. All druggists—25c.

They couldn't be built now for twice \$71,000

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile—roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs \$34,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

Low capitalization and high operating efficiency have enabled American railroads to pay the highest wages while charging the lowest rates.

Glass of Salts
Cleans Kidneys

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with bicarb, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

SUCCESSFUL CARD PARTY

The members of the K. of C. entertained their friends at a Euchre and Five Hundred party in their rooms on Market street last evening. About thirty tables were in play. Delicious refreshments were served by the Knights. The prizes for the highest score in Five Hundred were won by Joseph Lehman and Mrs. Robert Leap and the Euchre prizes by Earl Smith and Mrs. Joseph Lehman.

Mr. and Mrs. J. A. Kujawa, Mr. and Mrs. James Mulready, Mr. and Mrs. Hugh Miller, Mr. and Mrs. Ralph Johnson, Mrs. M. J. Kelly and sister, Miss Jean Smith, and Mr. and Mrs. Frank McLaughlin, all of Clearfield, attended the party.
